Homestead Exemption

2020
REQUIREMENTS

QUALIFYING
INCOME

IMPORTANT NOTICE

Are you Disabled?

Homeowners that are certified by a physician as being permanently and totally disabled on January 1, 2020 are excluded from the age requirement, but would still need to have a qualifying income.

Veterans Disabled?

The homestead exemption provides a reduction in property taxes to qualified disabled veterans, or a surviving spouse, on the dwelling that is that individual's principal place of residence and up to one acre of land of which an eligible individual is an owner. The veteran must have a disability rating of 100% or 100% compensation based on individual unemployment for a service connected disability. The reduction is equal to the taxes that would otherwise be charged on up to \$50,000 of the market value of an eligible taxpayer's homestead.

New Applicants—Must Meet 2020 Income Requirement

The Ohio Legislature added an additional requirement to the Homestead Exemption Program for new qualifying applicants in 2014. There is now an income requirement based on the Ohio Adjusted Gross Income of the homeowner (and spouse).

The Adjusted Gross Income for 2019 Must Not Exceed \$33,600.

2020 Qualification Requirements

The Homestead Exemption Program helps Ohioans age 65 and older (or totally and permanently disabled) that own their home as their principal place of residence with assistance on their real estate tax bill. The local political subdivisions are reimbursed by the State for any savings provided to the homeowner. The Homestead Exemption Program can result in significant savings on your property tax bill. The savings is calculated on \$25,000 of taxable value (limited to the home site) and varies by taxing district. To qualify, homeowners must be (1) at least 65 years of age or totally and permanently disabled, (2) Own their home as their principal place of residence, and (3) have an adjusted gross 2019 income that does not exceed \$33,600.

Current Applicants:

If you are currently receiving the Homestead Exemption based on a 2013 and prior application, **you do not have to meet the 2020 income requirements and will remain on the program. You may have to file a DTE 105G with your application.**
