

## **Western Reserve Area Agency on Aging**

We provide choices for people to live independently  
**in the place they want to call home.**

### **Geauga County Auditor Champions Senior Issue**

Geauga County Auditor Frank J. Gliha addressed a capacity crowd at a Township Association dinner meeting on January 21st about food insecurity and the need to increase funding for senior nutrition programs. In light of a rapidly aging population and the unprecedented challenges to meet the need for meals, he advocated for the use of the State's raining day fund to address this critical senior issue. WRAAA COO Dell Whitaker educated the audience about the WRAAA and WRAAA Legislative Liaison Cyndi Rossi talked about a new grassroots advocacy initiative - Advocacy in Motion (AIM) - asking for assistance in recruiting volunteers. WRAAA thanks County Auditor Gliha for this opportunity to address the elected officials in Geauga County!
